- Blood Donations activities
- Response to COVID-19, floods & other disasters
- Training, Workshops & Health Camps
- Congratulations, Tribute, Welcome & Celebration of Important Days
- Media Coverage

## From the Desk of The Secretary-General

**CONGRATULATIONS!** We proudly present the STAR EMPLOYEE OF THE MONTH recognition to Ms. Farzana Siddiqui, Project Coordinator, St. John Ambulance (India) for her UNCLUTTERED DESK. She is involved in the processing of the First aid training reports forwarded by different states centers of St. John Ambulance (India) & branches of IRCS seeking First aid certificates. She also looks after the matters related to awards of St. John Ambulance (India) and RTI responses/verifications of certificates etc. We appreciate her efforts towards maintaining the cleanliness at work station & her surroundings.

The Covid-19 recovery rate in the country currently stands at 96.19%. As on February 4, 2022 over 1.5 billion vaccine doses have been administered in the country. Over 90% of the population eligible to receive the vaccination dose had received the first dose of the vaccine and 65% were fully vaccinated by February 4, 2022.

From January 3, 2022, the country also started administering vaccine doses to children between 15 and 18 years. A booster shot was prescribed over and above the second dose of vaccine as experts witnessed a likely drop in protection against the Covid-19 virus with time.

In India, the government has prescribed a booster dose, aka precaution dose, to health and frontline workers and those over 60 with comorbidities or other health problems. I request all those who come under this category to take the booster dose. Though the heavily mutated variant is said to be highly infectious, which is why it is important that we stay on guard & take necessary measures against Covid-19.

I would like to thank all the branches for undertaking various humanitarian activities like the distribution of hygiene kits, masks, sanitizers, food items, kitchen sets, tarpaulins, mosquito nets to the vulnerable & needy during the inevitable disasters & calamities.

I congratulate Ms. Farzana Siddiqui for being recognized as the STAR EMPLOYEE OF THE MONTH by maintaining hygiene & cleanliness at the workplace. I hope others to follow the same.

I also take this opportunity to give my best wishes to Dr. Rathin Chakravarty who has joined as new Chairman IRCS, West Bengal state branch. I would also like to welcome Colonel Austin Colaco (retired), who has joined as General Secretary IRCS, Goa State Branch.

I would like to congratulate Mr. Itenderpal Singh, Master Trainer, IRCS, Jammu & Kashmir UT branch for his guidance and induction session to more than ten thousand persons so far in First aid.

Nature is God's most beautiful creation. It felicitates the growth, development and nourishment of all its creatures. The best friend on earth of man is the tree. When we use the tree respectfully and economically, we have one of the greatest resources on the earth. Many people have taken steps to make their homes environmentally friendly by changing their light bulbs, recycling their trash and conserving their energy use. Let's take up a resolution in this year to plant more and more trees.

Warehouse construction work is going on at the Uttarakhand state branch to stock relief materials for timely distribution during any disaster or crisis. Early preparedness is important as the state is often prone to natural disasters and calamities. This is supported by the IRCS, NHQ

★ On 29th Dec, 2021 eleven no.s of Family Tents were sent to K.J Borah, Delhi Army headquarters for the Republic Day function.

★ More than sixty thousand hygiene kits were sent to the poor & needy all across the country.

Donate blood and get real blessings

# IRCS (NHQ) MEETINGS

## Flood Early Warning Project

Review meeting with Google.org and IFRC was held on 12th Jan, 2022. Donors were informed that both the program states Assam & Bihar have shortlisted the candidates for District Disaster Response Training (DDRT). The partnership of Bihar state branch with UNICEF & Bihar State Disaster Management Authority (BSDMA) to train volunteers in flood alert was also highlighted. The incremental progress in the preparation of the ward contingency plan in the Assam state branch was appreciated. It was also decided that in addition to other modes of flood alert a multilanguage chatbot may also be developed on Google.org.

We had two meetings of the Committees; Finance & Review Committee. The Review Committee has been constituted for the first time by the IRCS to primarily look into the staff's related issues.

The Finance Committee considered important subjects such as Annual Budget, Appointment of Statutory Auditor, Extension of the Internal Auditor, Special audit & Forensic Audit & civil work of the Red Cross properties.

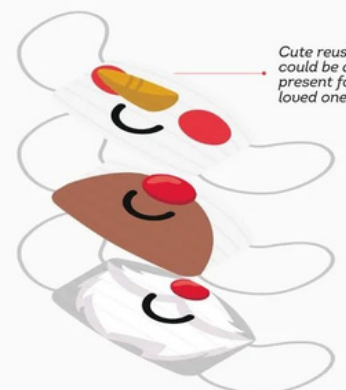

## Meetings (State/ UT branches)

At IRCS Gurugram, IRCS, Haryana state branch, Chandigarh organized Award sub-committee meeting.

**WEAR A MASK! SAVE LIVES!**

**MASKS ARE A KEY MEASURE TO END TRANSMISSION. BUT THE USE OF A MASK ALONE ISN'T ENOUGH TO PROTECT AGAINST #COVID19. PLEASE GET VACCINATED, WATCH YOUR DISTANCE, KEEP PLACES WELL VENTILATED & WASH YOUR HANDS.**

**20  
22**

IRCS, Purba Bardhaman district branch, West Bengal distributed masks

**"To plant in a garden is to believe in tomorrow."**

*We are but stewards of this planet for future generations to enjoy. Our children will inherit this planet, so we have to make sure that we are leaving them with a liveable and sustainable environment. Planting trees is one way that we can protect the environment, get cleaner and fresher air, and make our surroundings pleasing to the eye. Educating children about the importance of planting trees wherever possible is our responsibility*
